Descripción: Dragonfly Adventures is a
full service destination
management company
dedicated to providing top
of the line service. Our
goal is to enhance guests
Puerto Rico experience
providing personalized
airport transfers, smooth
ground transportation,
exciting tours and
excursions, dynamic
teambuilding, exciting
special events, unique off
site venues and more.

Our foray into Puerto
Rico's tourism industry
began in 1968 with
Hacienda Carabali, a 600
acre ranch in the foothills
of the rainforest. This
dynamic ranch has been
the main provider of

many tours and activities for many years. We later acquired Wizard Studios Caribbean a well established event production company which originated in 1988 on the mainland US. Coco Rio was born in 2000 from the growing need for a versatile and exotic offsite venue. Our success in these ventures allowed for our growth and expansion with the development of new off site venues such as Bamboo Lounge and Hacienda Las Palmas, a hotel The Rainforest and Ocean View Inn and a restaurant The Carabali Bar and Grill.

As such Dragonfly Adventures is the only DMC in Puerto Rico that owns and operates its own tours, offsite venues, restaurants, an event production company and even a hotel. From our humble beginnings to today, at Dragonfly Adventures we are constantly growing and evolving.

With over forty years of experience in the hospitality and service industry our knowledge and familiarity with the field as well as our extensive menu of

services is sure to
guarantee guests an
enchanted stay in Puerto
Rico.
